## ***PRESIDENTS MESSAGE***

11-18-25

Greetings all, I hope this finds you well. As I write this the leaves are pretty much off the trees. Most of the fields are tilled and a few flakes of snow are in the air. Don't know where the year has gone. I added a new member to the collection. A 1944 A Farmall with the mounted plow. I was wanting a tractor and plow set up for the plow days and this just happened to pop up about a week before Herman and Mary's plow day. Seem to run ok and the plow works as it should but as is with everything else it could use a little tweaking.

Our summer show in July went well. A nice variety of red was there. The Root River folk's were great hosts and I tip my hat to them. Not a huge show grounds but a very nice show grounds. For those of you who attended I thank you for being there. We need to show up at these event's if

we want them to have us back.

Work is gradually progressing on the 2028 RPRU in TRF. The committee has met several times now and we've got a meeting scheduled in January to meet with The Thief River folks. MaJeana has been busy coming up with graphics for us and has done a wonderful job. We really appreciate her talents. We are going to need chair people as well as workers for this so please give this some consideration. We will be making phone calls to talk with folks to see where you would be a good fit.

The plow day was great as usual. Herman & Mary & their family are always fantastic hosts. I would have liked to see more tractor and plows there but I think the weather may have scared a few people off. It was a little tacky at first but as the day wore on the conditions got better. And once again the food was tremendous. A great variety and plenty of it. If you walked away hungry it was your fault.

The plow day at Aaron & Shelley Starz was a good one to. Again I would have liked to seen more tractors & plows there but non the less it was

still a great time. The food and hospitality by the Starz's was second to none. I got to plow with Aaron's 660 & 4 bottom plow for the day. That's a lot of tractor with no power steering for an old man to handle but I still put her through the paces and made it smoke on a few occasions.

We have elections coming up in December. Myself, Carmen & Neal are up. We need people to run for the board. I've talked to a few of you but it's always nice to have a slate of candidates to vote for. If asked please give it consideration. The board meets only 4 times a year so we're not asking for a whole lot of time. If we don't have a board there is no club.

It's been quite awhile since our by-laws have been updated. We will be working on that next year.

We're going to do something different at our December meeting this year. Terri VanWhye has graciously donated a barn quilt that she made and we are going to auction it off at the meeting. So dig in your piggy banks and bring a few extra dollars along. Thank you so much Terri for your work and contribution!

As some of you may have noticed my wife Diane has taken over as membership chair. There was an issue of old software and non compatibility and Shelly didn't have the time to try and fix this plus update it all. In the process a lot of your info got missed and some of you got missed for renewal. We apologize for that but when the technology doesn't work it causes a lot of problems. We found out that the national's software is out of date as well so that contributed to the problem. Diane has been in contact with some of you and will be contacting more to right the ship. Please be understanding as we are trying to correct this. It wasn't intentional.

Well I guess I've rambled enough. See you December. Stay warm, stay safe but most of all STAY RED!!!

President
